Other Businesses/Discussion Points:

Reopening Plan	Currently only 2 people are allowed in the office at a time (it may change as we move on to the year)
	For the fall term, the office will not be open for members. However, I am planning on opening it for sales. That means one exec member will need to be at the desk while we're "open". Also means that you need to be trained.
Meetings for the fall	In person or online?
	If we can find a time where everyone's on campus, we can do it in-person. If not, we'll do it online.
Key Distribution	I'll be in the office tomorrow and next week during work hours? (Will confirm in slack) so feel free to drop by and I'll give you your key.
Discord server Community Integration	Theres a new feature on discord that rolled out. we can have our server in a hub for all carleton servers.
